

In the Specification

The Abstract has been amended in order to be in compliance with MPEP § 608.01(b).

Abstract

Please replace the paragraph beginning on page 15, line 1 with the following amended paragraph:

A communication device for a target integrated circuit chip having a digital processor, an on-chip emulator for controlling ~~said the~~ the digital processor and for collecting operation data from ~~said the~~ the digital processor for communicating to off-chip circuitry, and a target on-chip universal serial bus interface connected to ~~said the~~ the on-chip emulator, the communication device ~~comprising~~ including an Ethernet port, an universal serial bus port and a further integrated circuit chip having on-chip universal serial bus interface, ~~said the~~ the on-chip Ethernet interface being connected to ~~said the~~ the Ethernet port, the ~~said~~ the interfaces being connected to ~~said the~~ the processing circuitry for translating between Ethernet protocol data on an Ethernet bus connected to ~~said the~~ the Ethernet port and universal serial bus data for ~~said the~~ the target on-chip universal serial bus interface.
